

Don Bosco Tech - Summer School Program

for Boys and Girls entering the 9th Grade

June 28 – July 30, 2010 (5 weeks)

Don Bosco Technical Institute - 1151 San Gabriel Blvd. - Rosemead, CA 91770

For information about summer school call 626-940-2011 or 626-940-2014

REVIEW CLASSES: *designed for those who will be in the 9th grade next Fall and who want or need special review work in English, Reading, and/or Mathematics. These classes do not earn high school credit.*

INTRODUCTION TO HIGH SCHOOL ENGLISH is a comprehensive review of the reading and writing skills needed at the high school level. This course will focus on how to be an active reader. Students will also be introduced to a variety of writing activities, including how to write a response statement, techniques of successful exam writing, as well as a formal essay. Practice in revision techniques through teacher conferences and writing groups will also be emphasized. Grammar and mechanics review as needed.

READING IMPROVEMENT is a class designed to address weaknesses in basic reading skills, such as sequencing events, analyzing characters, drawing conclusions, drawing inferences, literal and critical comprehension, and vocabulary.

INTRODUCTORY ALGEBRA: For those who want a solid foundation for Algebra I. Includes a general review of basic mathematics operations with emphasis on factors, fractions, decimals, and use of formulas to solve problems as well as an introduction to elementary algebra with simple equations, addition and subtraction of like terms, signed numbers, and basic operations with algebraic equations. Concludes with an introduction to linear equations, factoring, the multiplication of binomial expressions, and other basic algebraic concepts.

ENRICHMENT CLASSES *are designed for students who will be in the 9th grade next Fall and who want to enrich their skills. Classes meet 1.5 to 2 hours each day for 5 weeks. These classes earn high school credit.*

GUITAR: A class for beginning or intermediate guitar students. Learn to play or improve your skills on the acoustic guitar. You will learn: how to tune the guitar, play notes on the fret board, and form chords and chord progressions. Bring in your favorite contemporary music and learn to play these tunes. You will also learn techniques that will help you to "play by ear;" that is, without the use of written sheet music. Students must provide their own acoustic guitar for the class. For more information call Mr. Herrera at 626-940-2074.

INTRODUCTION TO PUBLIC SPEAKING: Improve communication skills, both verbally and non-verbally. Increase your confidence and improve your thinking and writing skills. This class focuses on speech preparation: choosing a subject, writing the draft and final speech, and preparing and delivering speeches. For more information call Mr. Okeyo at 626-940-2078.

(NEW) DRAMA & PERFORMANCE: Learn the craft of public performance. You will study, practice, and perform various styles of acting, moving and speaking as well as improvisation skills. Learn the skills you will need for presentations, projects, and public speaking assignments. Be better prepared for high school & college classes by learning how to present a descriptive speech, a persuasive speech, an entertainment speech, and a monologue. For more information call Mr. Gonzalez at 626-940-2133.

BEGINNING BAND: A music class for beginning or intermediate musicians. Learn to play a wind or percussion instrument of your choice or improve your skills. Students learn the basics of their instrument, instrument care and musicianship. Students are encouraged to provide their own instruments. Some band instruments may be available through the school and instruments can be rented through local music stores. For more information call Mr. Nunez at 626-940-2093.

"FLASH" ANIMATION: Learn to program fast yet captivating web pages using Flash. It's easy to learn to create full-screen interfaces, illustrations and long-form animations. Flash content loads faster and boasts higher quality than other graphic formats.

COMPUTER ANIMATION: This class will teach students how they can produce fascinating and yet creative works of art with today's computer software and hardware. No previous experience is required. For details, please call Luis Garza (626-940-2079). (Class times: 9:25-10:55 and 11:05-12:35).

SUMMER FUN WITH ELECTRONICS & COMPUTERS is an introduction to the secrets of electronics. Learn about electrical circuits, as well as TV and radio transmission. Learn practical electronic project building skills and soldering. Includes an introduction to Computer programming. Class meets the requirements for earning an Eagle Scout merit badge for electronics. (9:25-10:55)

(NEW) SUMMER FUN WITH CONSTRUCTION is an introduction to construction and woodworking. Learn about measuring and layout methods and the proper use of some basic hand tools. Training in general shop safety and the safe and proper use of some common wood working machines. The lab projects include the design and building of a scale model truss bridge that will be tested for strength. (1:00-2:30)

(NEW) SUMMER FUN WITH METALS & MATERIALS is an introduction to the basic fundamentals of Materials Science. Students will have hands-on experiences working with metals including foundry, investment casting, welding, mechanical testing, nondestructive testing, basic microscopy and metallography, and chemical analysis. Industrial safety is constantly emphasized. **A \$25 materials fee for this class is due and payable at the time of registration.** (1:00-2:30)

(NEW) HISTORY OF ROCK & ROLL From blues and country to punk and heavy metal, learn about the landmark groups, their music and the musical movements of different periods. Learn about the history and the social conditions that gave birth to the music and explore connections between modern music and the artists from the past.

(NEW) SCIENCE WORKSHOP Explore several sciences. Learn basic science techniques & procedures by doing hands-on experiments and activities. Learn to use and read a variety of scientific equipment. Learn about forces and motion (physics), plants and animals (biology), the periodic table and chemical reactions (chemistry), and systems within the human body (anatomy & physiology). For more information call Mr. Medina at 626-940-2116. (11:05-12:35, 1-2:30)

COMPUTER LITERACY & INTERNET RESEARCH: Learn the basic operations of the components of Office Suite: Word, Excel, PowerPoint and Access, in addition to the fundamentals of internet research. This course helps students develop and practice fundamental computer, presentation and research skills in order to provide a foundation for future classes where these skills are assumed. This is a hands-on project based course that provides the experience of tackling a small research project. **(NOT RECOMMENDED FOR INCOMING BOSCO TECH STUDENTS)**

STUDY SKILLS: This class is designed to help students learn to be more successful in school by giving students methods and techniques to improve the way they study, do homework, and take tests. Topics covered include: goal setting, previewing a test, outlining, note taking, listening skills, and test taking. **(NOT RECOMMENDED FOR INCOMING BOSCO TECH STUDENTS)**

TECHNIQUES OF DRAWING & ILLUSTRATION will teach students the techniques of drawing as they are applied to cartooning and illustration. No previous drawing experience is required. Advanced students will have the opportunity to create their own comic strip or book.

INTRODUCTION TO ROBOTICS introduces students to the fascinating world of robotics and artificial intelligence (AI) using Lego Mindstorm Robots. Learn how to design, build, and program your own robot. **A \$50.00 materials fee for this class is due and payable at the time of registration.** (For more information call Mr. Sepulveda at 626-940-2039)

SPORTS & ATHLETIC ENRICHMENT CLASSES are for students who will be in the 9th grade next fall and who want to earn high school credit for physical education. All classes cost \$120. For more details, please call our Athletic Director, Mr. Jim McDonald (626-940-2100).

To participate in a sports class/camp a physical exam must be on file with the school nurse & a parent permission slip must be turned in with the summer school registration sheet. Call our school nurse for details (626-940-2031)

THE FOLLOWING CLASSES ARE OPEN TO ALL.

(NEW) MIXED MARTIAL ARTS (1-2:30 PM, Monday-Friday, Class meets June 28 to July 30): Empower yourself with realistic self defense. Learn both "stand-up" kicking and punching and ground techniques. This class is a great way to get in shape, learn to protect yourself, and live the martial arts- way of life.

BASKETBALL SKILLS CAMP (1:00-3:00 PM, Monday – Thursday - Class Meets June 28 to July 23.) This camp is ideal for boys and girls, ages 10 - 14, who want to build or improve their basic skills of basketball in an organized atmosphere with skilled instructors. Each boy and girl will be taught the fundamentals of defense, shooting, rebounding, passing, and a whole lot more. You'll practice these skills in both drill and game situations. Our camp will help you become a more effective basketball player, both as an individual and a team player. (Call Coach Dominic Sermeno at 626-940-2109 for more information) **(Class begins Monday, June 28 – 4-week class)**

CROSS COUNTRY CONDITIONING (Time: 6:00-9:30 AM, Monday – Friday. Class times can be adjusted to accommodate other summer classes.) is a conditioning program that will prepare students to compete in any Cross Country program or that help students achieve their maximum fitness potential. Call Coach Sal Perez at 562-762-6640 for details. **(Class begins Monday, June 28 – 5-week class, ends July 30)**

TENNIS SKILLS CAMP (6:30 – 8:00 PM, Monday-Thursday) will cover all levels of tennis from beginners on, with an emphasis on learning and developing the Serve, Forehand, Forehand/Backhand ground strokes, lob, and volley--with an opportunity to improve individual skills through drills and game play. Class meets at Whittier Narrows Tennis center. *Participants must provide own racquet and transportation.* Call Mr. Herrera at 626-940-2074 for details. **(Class begins Monday, June 28 – 4-week class, ends July 23) (Additional \$30 fee required to partially defray court rental costs.)**

SOCCER SKILLS & CONDITIONING (3:30-5:30PM Monday-Thursday) is a conditioning class for those who would like to improve their soccer skills. This class is open to all high school and incoming high school students. (Call Coach Daniel Alvarez at 626-940-2108 for more information) **(Class begins Monday, June 28 – 5-week class, ends July 29)**

INTRODUCTION TO WEIGHTLIFTING (7:45-9:15 AM MONDAY-FRIDAY) Concentrates on the basics of weight lifting by emphasizing proper movement. Focus on proper lifting and spotting, cardiovascular fitness and power, strength, and endurance drills as well as proper safety in the weight room. (Call Coach Dominic Sermeno at 626-940-2109 for more information) **(Class begins Monday, June 28)**

CHEERLEADING & MASCOT (4:30-7:30 PM Monday-Friday) for Don Bosco Cheer and Yell Teams. Teams will work directly with the coaching staff preparing for the athletic year. Introduction to stunting, nutrition and fitness, beginning circuit training, gymnastics, community first aid and CPR training (American Red Cross) Requires sports physical. Call Mrs. Casanova at 626-673-9800 for details. **(Class begins Monday, June 21 – 6-week class)**

GOLF – 3 levels - 1:00 to 3:00 pm Monday-Thursday, Whittier Narrows Golf Course. Students need to have their own set of clubs and have their own rides to and from the golf course. An additional \$50 in "greens" fees is due and payable at the time of registration. Contact Mr. LeBlanc at 626-940-2086 for more information. **(Class begins June 28 – 5-week class, ends July 30)**

BEGINNING GOLF is for students with little or no previous experience. Students will learn golf etiquette, the basic rules, the importance of physical conditioning, and proper techniques for grip, stance, and swing (putting, chipping, pitching and driving). The goal of the class is to prepare students to play a satisfying round of golf.

INTERMEDIATE GOLF is for students who have some knowledge of golf technique, the principles of the golf swing, and experience playing golf. Golf rules, etiquette and physical conditioning basics will be reinforced and expanded upon. Students will learn how to make adjustments to their technique for special situations, develop course management skills, and grow in their awareness of the mental aspects of the game. The goal of the class is to prepare students to have success in playing competitive golf. **ADVANCED GOLF** is for students who have had some success playing competitive golf. Students will learn how to evaluate their practice and playing for strengths and weaknesses and develop a plan for their own self-improvement. If available, matches will be set-up with other high school programs in the area to simulate real league conditions. The goal of this class is to prepare students for high success in competitive high school golf.

STRENGTH & CONDITIONING TRAINING (1:30 -3 PM, M-F) This course is designed for any students preparing for or participating in competitive sports. This course will develop a level of physical fitness, strength and conditioning that will enhance the student-athlete's ability to be successful in athletic competition. Students will be introduced to a variety of routines that will enable them to develop a personal exercise plan for life-long healthy life styles. This course will cover areas such as safety pre-cautions, accident and injury prevention, importance of warm-up and cool-down exercises as well as an intense daily workout. This course is especially designed for both the experienced weight lifter and the novice weight lifter. **Students who register for Football Conditioning are automatically included in this class at no additional cost.**

Materials recommended: Weight lifting gloves and a weight lifting belt. All other materials will be supplied by the instructor and the school.

THE FOLLOWING SPORTS CLASSES ARE LIMITED TO INCOMING DON BOSCO STUDENTS ONLY.

FOOTBALL CONDITIONING (Time: 3:00 to 5:00 PM Monday-Friday) is a conditioning class for those who are preparing to participate in high school football at Don Bosco High School in the fall. Some athletes will also participate in "passing league" games in the evening. Call Mr. Shockley at 626-940-2085 for details) **(Class begins Monday, June 21 – 6-week class) (Also includes weight training) (\$140 for this class)**

CROSS COUNTRY (Time: 6:00-9:30 AM, Monday – Friday; Class meets June 28 to July 30) is a conditioning program that will prepare students to compete in the school's Cross Country program that begins in September. Call Coach Sal Perez at 562-762-6640 for details. (Class begins Monday, June 28 – 5-week class)

TRACK AND FIELD (Time 6:30-9:30 AM, Monday-Friday) Training and conditioning for competitive track and field. Call Coach Sal Perez at 562-762-6640 for details. (Class begins Monday, June 28 – 5-week class)
